Graphic Designing Tasks & Instructions — Apexcify Technologys

---

🧾 Graphic Designing — Internship Overview

This internship program offers creative and practical experience in visual design and branding. Apexcify Technologys is a leading software development company that values compelling visuals and user-centric design. The internship empowers students to work with tools like Adobe Photoshop, Illustrator, Figma and Canva to create logos, social media creatives, UI designs, and marketing assets. Interns will learn the fundamentals of design principles, color theory, typography and visual storytelling. With expert guidance and real-world projects, interns will develop a strong portfolio and professional design skills in a collaborative environment.

🎁 Internship Perks

- Internship Offer Letter
- Completion Certificate (QR Verified)
- Unique ID Certificate
- Letter of Recommendation (based on performance)
